RUSH COUNTY BOARD OF REVIEW APPROVES HORIZONTAL RAISES

Decides Today No Changes Should
be Made in Valuations Fixed
by Tax Commissioners in 1919

MEMBERS ARE UNANIMOUS

Arrives at This Conclusion After
Comparing Valuations With
Actual Sales Made Here

200 INSTANCES ARE CITED

Find Average Appraised Value is 81
Percent of Sale Value—Not to
Open Individual Cases

The Rush county board of review, which has been in special session since Monday, today unanimously approved the horizontal increases put on personal property and real estate assessments in this county August 23, 1919, and so notified the state board of tax commissioners.

The record of the board proceedings shows that after due consideration, the local reviewers decided that no changes should be made in the valuations as fixed by the state board last year.

This conclusion was reached after the board, by comparing recent sales of real estate, found that the property changing hands in recent months had been sold for an average of eighty-one percent of its appraised value.

This, the board held, was vindication enough of the state board's horizontal increases, because it showed that the average actual cash value is only four-fifths of the assessed value.

The board also concluded that the new law, under which the special session was called, did not contemplate that it should take up the revision of the assessments of any individual taxpayers.

It was pointed out by board members that taxpayers had an opportunity last spring to appeal to the state board where they thought their assessments were too high. All taxpayers had to do at that time was to present their case to the county auditor, and if approved by him and the county treasurer and assessor it went to the state board. There were fifty such cases in this county last spring. All of them went to the state board and in every case a reduction in assessment was ordered, as recommended by the local officials.

The Rush county reviewers arri-

ved at the average percent of appraisalment in comparison with actual sales of real estate by taking 200 sales made in the fifteen taxing units of the county. Of the 200 sales, only ten of them were greater than the assessed valuation of the property sold. The excess of assessments over sale value in these ten instances was \$3,055.

Two pieces of property were assessed at \$100 each more than they sold for, one for \$150, one for \$170, one for \$180, one for \$225, one for \$280, one for \$305, one for \$500, and one for \$1,045.

The sales were made in the following taxing units: Carthage 12, Rushville city 35, Glenwood 5, Ripley township 13, Posey 14, Walker 15, Orange 14, Anderson 14, Rushville 15, Jackson 10, Center 12, Washington 14, Union 11, Noble 10 and Richland 6.

The appraised value of the 200 pieces of property compared was \$1,594,933 and the sale value was \$1,958,145.

HENRY J. SPAAN TO SPEAK ON SATURDAY

Candidate For Congress From 7th
District to Address Chautauqua
Democratic Day

GOV. MORROW HERE FRIDAY

Henry N. Spaan, an Indianapolis lawyer and democratic candidate for congress in the seventh district (Marion county) will deliver the address at the chautauqua Saturday afternoon at three o'clock. This will be democratic day and Friday will be republican day when Governor Edwin P. Morrow of Kentucky will speak.

Mr. Spaan is well known in Rushville, having practiced law in the Rush circuit court. He is a very brilliant orator and is capable of making effective defense of his party's position in the campaign. He will be accompanied here by Dr. McCullough, democratic candidate for governor.

Governor Morrow will arrive in Rushville shortly before noon on Friday and will go to the home of Mr. and Mrs. Fred A. Caldwell, where he will be entertained during his stay in the city. While a resident of Rising Sun, Ind., before marriage, Mrs. Caldwell was well acquainted with Gov. Morrow. The governor will be accompanied by a number of Marion county republicans and delegations are expected from every county in the sixth district to attend the meeting.

Arrangements were made for a formal reception for Governor Morrow at the court house assembly room Friday afternoon at one-thirty o'clock. The following committee was named: John A. Tittsworth, chairman, Johnson Jones, Will M. Bliss, Theodore Reed, Judge Will M. Sparks, John Carr, R. E. Mansfield, R. F. Seudder, Fred A. Caldwell, Charles A. Frazee, Vern W. Norris, Will H. McMillin and Will M. Frazee.

MRS. JOHN GOODWIN NAMED

Brookville Woman Becomes Republican District Chairman

Mrs. John Goodwin of Brookville has been appointed district chairman of the republican women's organization, according to an announcement made at the headquarters of the party in Indianapolis. She succeeds Mrs. Elizabeth Claypool Earl of Connersville, who expressed her desire to retire some time ago on account of other pressing duties.

It was known here that Mrs. Goodwin would probably be selected as Walter F. Bossert of Liberty, district chairman, said while here at a county organization meeting last Saturday, that he expected to recommend Mrs. Goodwin for the place.

Entertainers at Chautauqua

Mr. and Mrs. Michitaro Ongawa, Japanese, gave the prelude this afternoon and will present a musical and dramatic program tonight at 7:30.

DISTRICT RALLY IS SET FOR AUGUST 25TH

Arrangements Being Completed For
Opening of Republican Campaign
at Connersville

MAIN ADDRESS BY WATSON

Wednesday, August 25, is the date which has been set for the republican rally of the sixth district, according to word from Connersville where the event will be held. Sen. James E. Watson will be the principal speaker and there will also be addresses by Congressman Richard N. Elliott and a woman of national reputation. The date was selected by a committee of which Glen Zell, Fayette county chairman, is chairman.

The rally is for every county in the sixth district, and as it will be the first salvo of the republican campaign within that district, it is regarded with natural interest.

Large bills, announcing the date and some of the particulars, were printed yesterday and were to be sent in liberal quantities, to the several county chairmen of the sixth. For Riggs, of Rush county, Oliver LaFuze, Liberty, I. M. Bridgeman, Franklin; Paul Comstock, Wayne; Rufus Hinshaw, Henry; Otto A. Lee, Shelby, and E. M. Rafferty, Hancock. These chairmen will distribute the bills and carry the word of the meeting throughout their provinces. Walter Bossert, district chairman, will preside over the meeting.

Whether or not there will be refreshments of any kind in the evening is a question. Subcommittees in every county in the district are to be appointed, headed probably by the several county chairmen, with the purpose of making the rally not only a large affair, as the opening of the district campaign, but actually the largest political meeting ever held in the sixth.

MRS. S. P. STEWART DIES AT SHELBYVILLE

Mrs. S. P. Stewart, for a number of years a resident of this city, moving only about a year ago to Shelbyville, expired this morning about 2:30 o'clock at the home of her daughter, Mrs. Frank Dugan, with whom she was living. Mrs. Stewart's death resulted from complications that followed a fracture of the hip several months ago.

Mr. and Mrs. Stewart lived for a number of years at the corner of Fifth and Harrison streets and before moving to Shelbyville lived at 323 West Ninth street. She was 78 years old at the time of her death.

The deceased is survived by the husband and two children, the daughter in Shelbyville at whose home she expired and Mrs. George Green of this city. Besides these relatives, she is survived by a great many near and distant relatives.

The funeral services have not been completed, but it is thought likely that burial will be made in the Springhill cemetery, east of Sandusky.

Comparison Between Valuations and Sales of Same Property

The following table is a comparison between the assessments for 1919, including the horizontal increases, of 200 pieces of property in the fifteen taxing units of the county, and the amount for which they have sold in recent months, showing appraisements amount to an average of 81 per cent of the sale value. It was prepared by the county board of review as a vindication for approving the horizontal increases:

	No. of sales	Appraisalment	Sold For	Per Cent
Carthage	12	\$ 14,825	\$ 17,560	.84
Rushville	35	97,225	135,420	.72
Glenwood	5	8,825	12,250	.72
Ripley Twp.	13	138,855	157,820	.87
Posey	14	79,760	91,885	.86
Walker	15	62,003	82,327	.75
Orange	14	134,860	160,321	.84

REDS WITHIN 25 MILES OF WARSAW

Dispatch to Berlin Newspaper Says
North Wing of Polish Army
Has Virtually Dissolved

HOPE FOR PEACE IN TERMS

British Cabinet Believes Satisfactory
Agreement Can be Reached
—What Russia Proposes

(By United Press.)
Berlin, Aug. 11.—The Russians are twenty-five miles from Warsaw, according to a dispatch to the Berlin Lokam Anzeiger today.

The northern wing of the Polish armies has virtually "dissolved," the dispatch said. Its ammunition is exhausted.

Washington, D. C., Aug. 11.—Poland will be inspired with new hope by President Wilson's note promising that the United States will use "all available means" to protect that country's integrity, Prince Lubomirski, Polish minister here declared today.

President Wilson will shortly extend material aid to Poland in conformity with his note, it was stated today in official headquarters here.

London, Aug. 11.—Members of the British cabinet, it was learned today, believe there is a satisfactory basis of settlement in the armistice and peace terms which the Bolshevik sent, to be presented to Poland at the Minsk conference today.

The terms were announced to Premier Lloyd George in the house of commons during the night after they had been handed to him by Leo Kamenoff, one of the Russian representatives. In brief the Bolshevik terms call for:

Immediate reduction of the Polish army to 10,000 men with an annual draft for the army of 5,000 men thereafter.

The time set for the demobilization is one month. Surrender to the Russians of all superfluous arms.

Prohibition of all shipments of troops or materials to Poland from abroad.

Grant to Russia all accessions to the Baltic with commercial advantages.

Handing over to Poland of additional territory on the Eastern frontier to be given to families of Poles killed in the war as compensation.

Demobilization of all Polish war industries.

Withdrawal of Russian troops from the Polish frontiers as rapidly as the army is demobilized.

Fixing the armistice lines as an actual frontier when the fight ends. The Poles to withdraw 34 miles to create a neutral zone.

The Russian communication indicated the frontier to be granted Poland by Russia would be better for Poland than the boundaries established by the allies.

POLAND'S PLIGHT DUE TO TREACHERY

Father John Palubicki Says in
Interview Country's President is
International Socialist

IS IN SYMPATHY WITH REDS

Asserts Poles in United States Are
Aggrieved at League of Nations
For Failure to Function

That Poland's present plight is largely due to the treachery of its president and commander-in-chief, General Pilsudski, was the declaration today of Father John Palubicki of Fullerton, Nebraska, who arrived shortly before noon to address a chautauqua audience this afternoon at three o'clock. Father John was born in Poland and takes a keen interest in his native land.

He also stated that the Polish people in the United States are very much aggrieved over the failure of the league of nations to function and protect the territorial integrity of its signatories, as Article 10 provides. The attitude of the Poles, Father John said, has a bearing on the coming election because they will support the republican candidate for president, due to the party's stand on the league of nations.

Father John spoke from actual knowledge of the feeling of Poles in the United States, for he has been in Chicago, which has a large Polish population, and has discussed the question with Polish leaders there.

"The present condition in Poland is due to causes leading from the inside," Father John said. "The president of the republic and commander-in-chief of the army, General Pilsudski, is a noted international socialist and has been proved as such. We believe that he is in sympathy with the Reds and that he has plotted to turn Poland into a Soviet form of government."

"He has opposed French efforts to place the Polish army under French command, fearing that Poland can stay the tide of Sovietism. The right-thinking element of Poland, however, has found the man out in his treachery to civilization. Pilsudski was the leader of the radicals when Paderewski was president and defeated the Paderewski government in the elections."

Father John pointed out that Poland was partially to blame for the present situation because of failure to abide by the territorial lines laid down by the Versailles treaty. He said the country wanted the boundaries where they were in 1772 before part of Poland was absorbed. He questioned the honesty of purpose of Gen. Pilsudski in embroiling his nation with the Russian Reds, because it is his opinion that Pilsudski's secret aim was to allow the Soviets to sweep over Poland and set up their form of government.

"I do not think he will succeed,"

2:00 p. m. Prelude—Davies Light Opera Company.

3:00 p. m. Address by Gov. Edwin P. Morrow of Kentucky.

7:30 p. m. Grand Concert—Davies Light Opera Company.

The Rev. John Palubicki, pastor of St. Peter's church at Fullerton, Nebraska, who sprang into prominence during the war as a patriotic lecturer, addressed a large audience at the chautauqua this afternoon on "Enthusiasm for American Ideals."

Although born in Poland, he displayed a rare insight into the fundamental principles of Americanism.

Mr. and Mrs. Michitaro Ongawa, Japanese actors, who appeared in a prelude this afternoon and will offer a musical and dramatic program tonight, are regarded as the most unique pair ever on the chautauqua platform. They come to the chautauqua with the prestige of New York successes and with their interpretation of the folk songs and dances of their native land, present something which never before was offered chautauqua patrons.

Tomorrow's attendance is expected to equal if not exceed that of yesterday, when two favorites appeared. Mrs. Mable Quam Stevens, who opened the assembly last year with two lectures, attracted the largest crowd of the year last night and Dr. Charles Tindley of Philadelphia also was given a fine hearing yesterday afternoon.

The Florentine Musicians, who are recommended as especially fine, will be here for two concerts tomorrow and Strickland Gillilan speaks in the afternoon and Dr. Lena K. Sadler in the evening. This is a program which is not excelled by any during the week and it is believed that chautauqua goers will recognize its merits.

Mrs. Otto Feicht's Alpine Yodlers, who gave two programs Tuesday, proved equally as popular last year when they were first at the Rush county chautauqua. The variety of the entertainment had a wide appeal and the famous yodel song was greeted with as much applause as formerly. Music on the queer instrument used by the Alpine folk, the zither, was a feature of both programs.

Mrs. Stevens, remembered for her remarkably dramatic addresses here last year, bears the distinction of bringing out the largest crowd of the week for the coliseum was packed with people when she began to speak. Although her subject was "The Little Red Rose," based on a biblical story of the love of a mountain girl of Palestine for her shepherd lover, she deviated much from the theme to weave in some com-

REPUBLICAN DAY AT CHAUTAUQUA

GOV. EDWIN P. MORROW, of Kentucky

Will Speak Friday Afternoon, August 13 at 2:00 O'clock
A Real Republican Speech. Everybody Should Hear It.

Personal Points

—Miss Marjorie Thomas is visiting Miss Margaret Brown at St. Joseph, Mich.
—Miss Blanche Hoard left this morning for Waverly, Kansas, for an extended visit.
—Mrs. Mahala Ruff of Columbus O., is the guest of friends and relatives in this county.
—Joe Conrad of Franklin, Ind., spent yesterday in this city as the guest of Harold Wolcott.
—Mrs. Ross Conway of Lafayette, Ind., is visiting Mr. and Mrs. Ed Bowen of West Fourth street, for a few days.
—Mr. and Mrs. Roy H. Jones arrived home last night from an extended outing at Tippecanoe Lake, in northern Indiana.
—Mr. and Mrs. Edward Frazee and Miss Dorothy Frazee have returned to their homes in this city from a motor trip to Detroit, Mich.
—Oliver Megee and his brother-in-law, Sherman Smith of Charlottesville, left today for a trip of three or four weeks through the west.
—Mrs. Dick Hogsett of Phoenix, Ariz., who has been visiting relatives here, is a guest for a few days of Mr. and Mrs. John A. Nelson of Arlington.
—Mrs. Lafe G. Hall of Raleigh is spending the week here with her sisters, the Misses Meredith of North Morgan street, and attending the chautauqua.
—Fire Chief Joe Williamson left last night for Fort Wayne, where he will attend a meeting of the Indiana Firemen's Association, which is in session today and tomorrow in that city.

Amusements

Alice Brady in "Sinners"

"Sinners", the photoplay featuring Alice Brady and being shown today at the Princess Theatre, is well named, although it includes an immoral man who poses as virtuous and a moral woman who poses as immoral. Most of the rest of the cast are persons good and bad who profess to be nothing more or less than they really are.

The picture very closely follows the stage play of the same name which was written for Miss Brady by Owen Davis, and in which the actress successfully appeared for several months on Broadway. It is one of the numerous recent dramas that has helped to establish Mr. Davis as a leading playwright, and while not a novel story, contains those elements of heart appeal which always win enthusiastic response from an American audience.

Miss Brady is cast as "Mary Horton", a country girl who goes to the city and is befriended by a woman of questionable reputation. The circumstance of living with this woman and associating with her friends leads to accusations being made which develop some highly dramatic situations. Miss Brady is a pleasing, satisfactory, and fortunately undemonstrative heroine. She registers emotion without over-acting; is natural and convincing.

FATHER PALUBICKI IN LECTURE TODAY

Continued from Page One

ments on present day life.

"None of us is expecting to surpass you," she said, addressing the men in regard to the status of women, "but we want to move up beside you so we can be good helpmates."

Mrs. Stevens referred to the five worlds in which we live, quoting a number of prominent men in regard to their opinion of women. She mentioned the following statements to show women's responsibility, and some of them she refuted.

"Women are responsible for most of men's sins."

"Half of the women are unfit physically to become mothers."

"No town rises higher than its best woman and no town will fall lower than its lowest woman."

Referring to the five worlds, the speaker pointed out that women are in the vast majority, as teachers and that they must meet their responsibility or quit.

She also showed that women are in the majority as Sunday school teachers and it rests with them to give the children of America the foundation for their moral life.

Referring to the political world, Mrs. Stevens said the women had used their tongues effectively in other moral reforms.

Regardless of the charge that women are devoting most of their time to clubs and missionary societies, Mrs. Stevens declared that her sex was still on the job in the homes, darning and cooking and sweeping.

"However," she continued, "we have moved out into the streets. We have become community mothers and have a larger control over our own civic affairs than ever before."

In speaking of the last of the five worlds, the social world, Mrs. Stevens said that woman controls it.

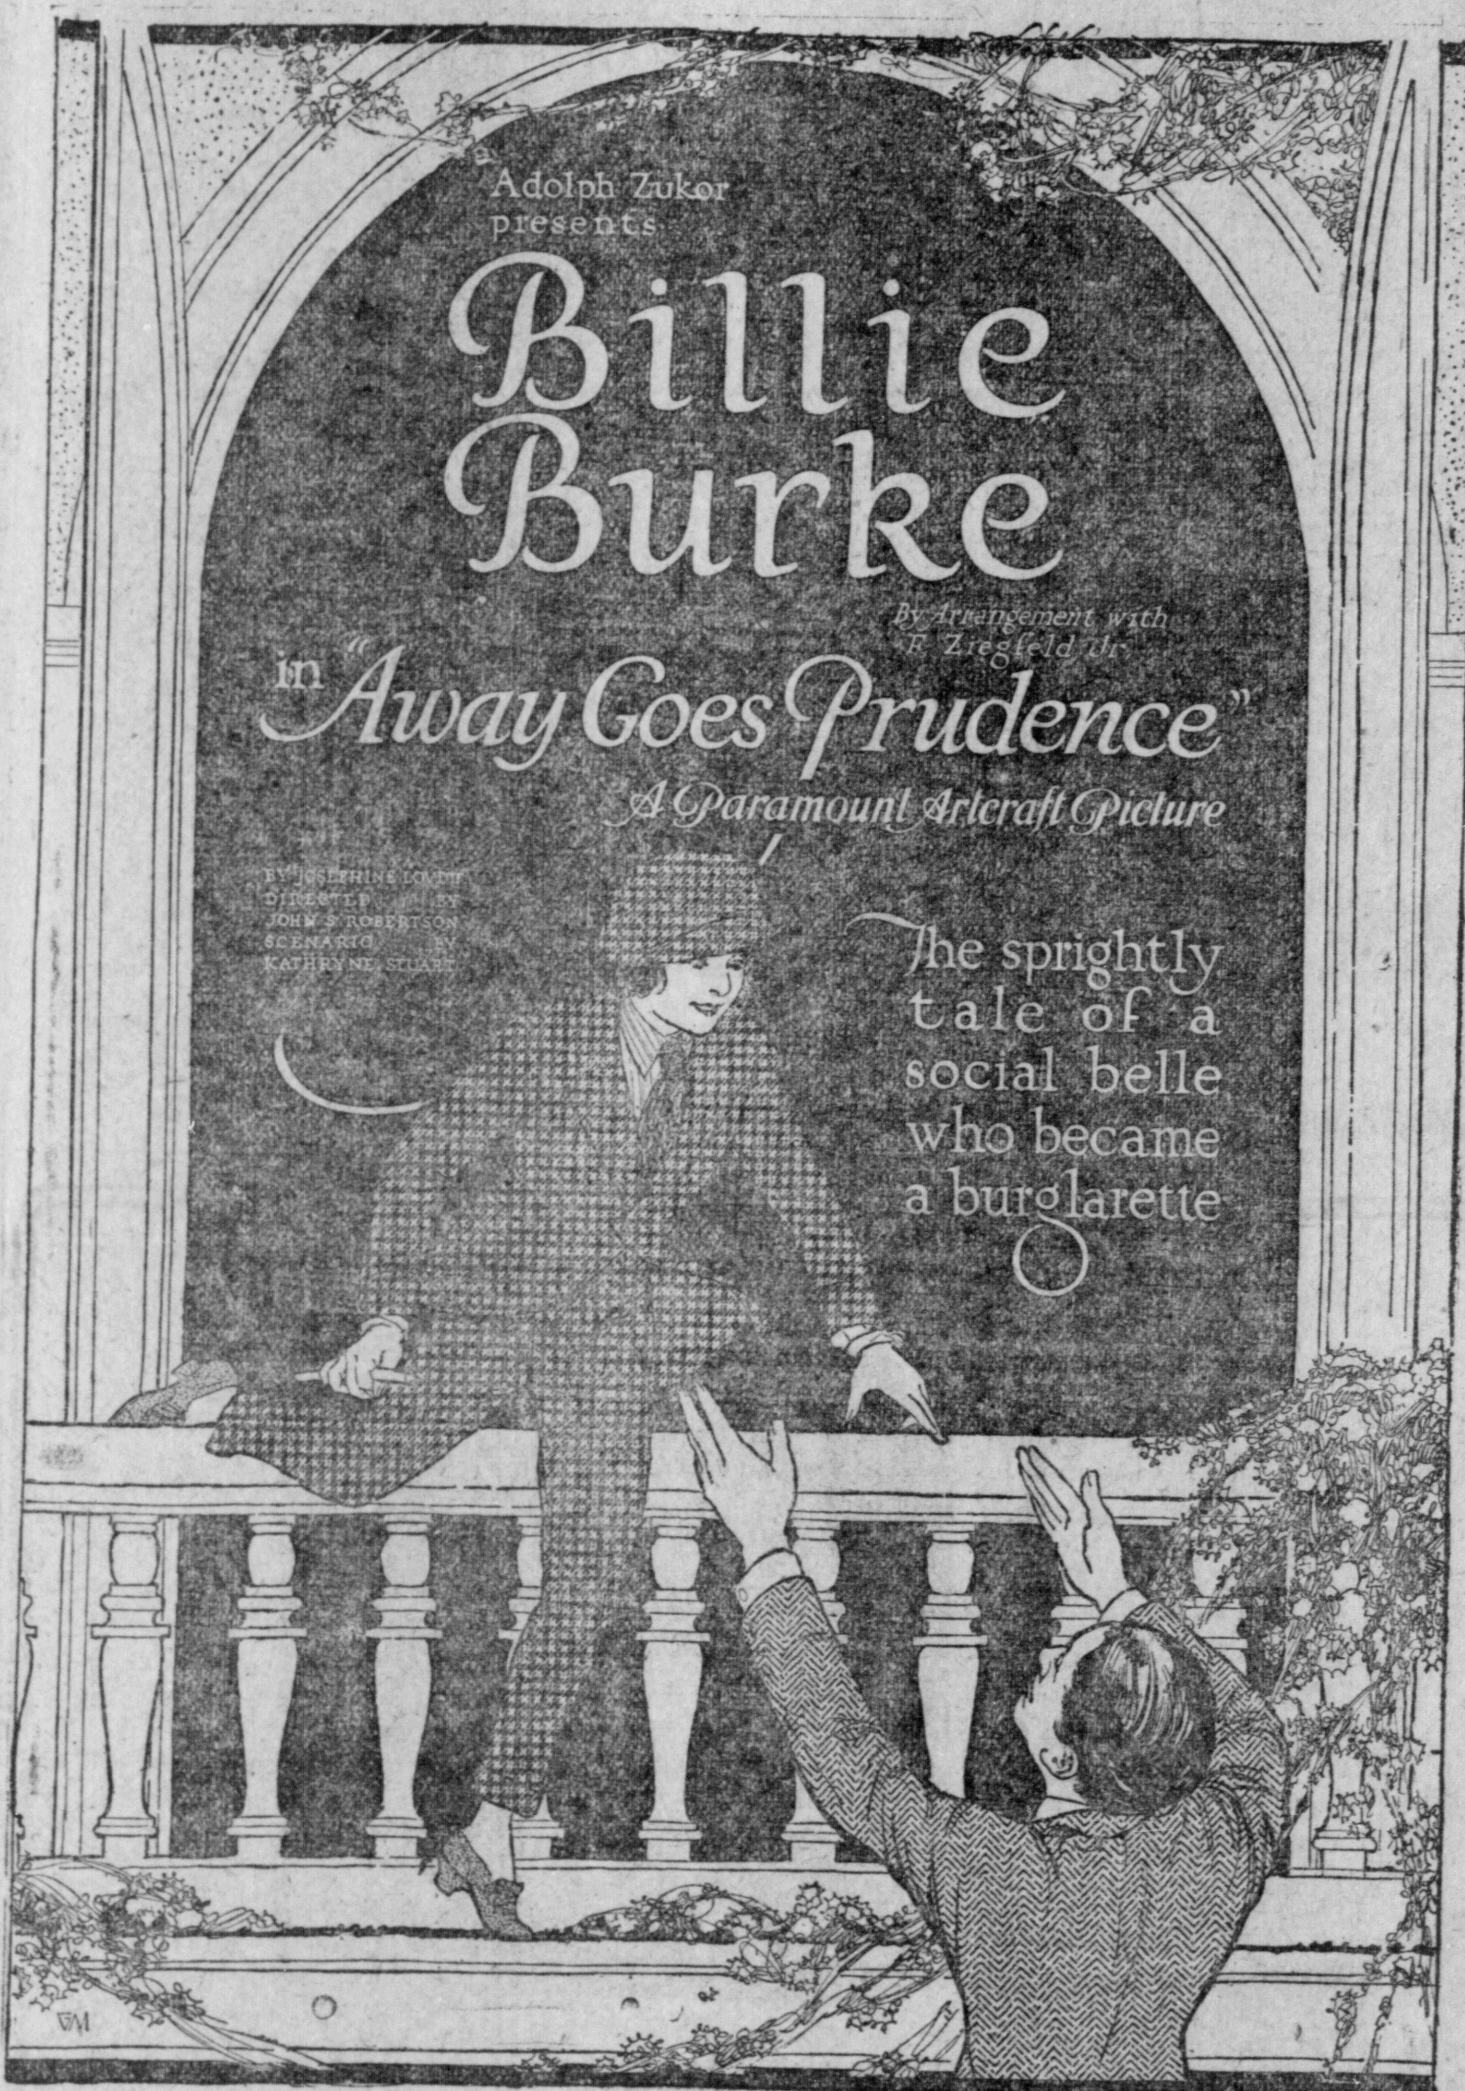

"No man will go farther," she declared, "than a woman will permit him, unless he be a brute, and there are few brutes among men. The social standards of a town are whatever the women make them."

"Work is the salvation of us all," asserted Mrs. Stevens, after telling the story of an acquaintance of hers who served her husband pain three meals a day and found that work was the real cure.

She told of an Illinois town where she found 52 widows lived. She inquired for the reason and was told that they had been the wives

Coal Production

The people who suffer this winter for the want of coal may thank the greed of the miners and the negligence of the railroads in providing cars. The story of the coal industry for the last year, with its two big strikes and its many petty walk-outs, together with the failure of the transportation system to haul the product of the mines, is not one of which it can be very proud.

The coal industry offers a problem

which must be solved because coal has reached a price that is almost prohibitive. There very apparently is not any occasion for paying twice as much now as was paid two years ago, and it is to be hoped that the legislation enacted by the recent session of the state legislature may prove a step in the right direction.

Coal production has been seriously affected by two strikes. The first was the strike of the bituminous miners on Nov. 1, 1918. During October, 1919, the production of bituminous coal, according to the Geological Survey, was running above 2,000,000 tons per day. For the week ending October 25, 1919, the production was at the rate of 2,186,000 tons per day, the largest tonnage ever loaded in history.

Some 400,000 miners went on strike November 1 and the daily average production for the first week ending November 8 was 592,000 tons, or less than thirty percent of the normal production. For the week ending December 13 the average daily production was 967,000 tons, or forty-eight percent of normal.

The strike decreased the yearly production by at least 40,000,000 tons and the country is the poorer by the value of goods which 40,000,000 tons of coal would produce.

From the middle of December production increased rapidly and at the beginning of January, 1920, exceeded the 2,000,000 ton per day mark. Owing to the inability of the mines to get cars the production de-

MICKIE SAYS:

clined to about 1,750,000 tons per day during February and March.

In April the switchmen's strike caused the production to drop to an average of 1,260,000 tons for the week ending April 17, a decrease of about thirty percent. Since that time production has gradually increased until it reached about 1,750,000 tons per day in the early part of June. This strike, with its related car shortage, has cost the country some 20,000,000 tons of coal.

It Makes a Vast Difference

A farmer had a horse to sell. It had a serious defect, but one which was not readily discernible.

Another fellow who was in need of a good horse stopped to look at it. "Sound as a dollar, so far as I know", said the farmer, conveniently forgetting the defect which he knew to exist. The animal changed hands, and the purchaser was stung.

A few months later the same farmer went to a neighboring county and paid a big price for a bull. Later he found that he had been stung in the transaction.

"I'll have the law on that swindler", he raged, and promptly brought suit against the former owner of the bull.

It makes a difference whether you sting or get stung.

The full dinner pail is no longer a slogan in our national elections. Nothing short of a complete dining car service would satisfy the average voter of today.

Of course, if you don't want to pay the railroads that 20 per cent increase in passenger rates, you can buy an automobile instead. Even a buzz wagon would be cheaper than walking at the present price of shoe leather.

A Fremont, Neb., man punched another fellow on the jaw, knocked him end for end, fractured the jaw, and was warmly thanked by his victim. It was a prompt and effective method of separating him from a live wire which he had grasped and could not let go.

Goodyear Tires for Small Cars Are
Popular Because Economical

There is nothing but disappointment in buying cheaply made tires that are announced as wonderful bargains at a few dollars each and then fail after brief terms of service.

Get exceptional mileage at exceedingly low cost in Goodyear Tires, of the 30x3, 30x3½ and 31x4-inch sizes, built of Goodyear-selected materials and with Goodyear skill and care.

Due to their precise manufacture in the world's largest tire factory devoted to these sizes, their quality is most economically produced and therefore most economically employed.

If you own a Ford, Chevrolet, Maxwell, Dort or other car taking these sizes, go to your nearest Service Station for Goodyear Tires; ride farther and fare better.

30 x 3½ Goodyear
Double-Cure Fabric,
All-Weather Tread \$23.50

30 x 3½ Goodyear
Single-Cure Fabric,
Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size in waterproof bag \$4.50

SALE OF GRAVEL

Indianapolis and Cincinnati Traction Co.

This company has had many inquiries for gravel at different points along its line but few of which have as yet been complied with because of want of car facilities.

The Company is now equipped with side dump cars for hauling gravel promptly and in either large or small quantities.

All freight rates on steam and electric roads are to be increased 40 per cent some time the latter part of this month and all gravel hauled after such increase will, on account thereof, cost 22 cents per yard more along the Rushville Division, and 26 cents per yard more along the Shelbyville Division, making the total cost after such increase in rates, \$1.97 per yard on the Rushville Division and \$2.11 per yard on the Shelbyville Division.

All gravel that is delivered before the increase in freight rates will be at the present prices of \$1.75 per yard on the Rushville Division and \$1.85 per yard on the Shelbyville Division.

All orders for gravel should be sent direct to me at 310 Traction Terminal Building, Indianapolis, Indiana.

Indianapolis Lady Has Wonderful Experience With External Remedy

Note: It would be illegal to publish these statements if they were not true. The following article was copied from the Indianapolis Star: "Mrs. F. W. Harlan, 345 Christian St., Indianapolis, Ind., says: 'I have used almost one bottle of Sorbol Quadruple, and see such a change. It became so I could scarcely speak above a whisper, and my work was a dead drag. I had been having such wild headaches. I was so nervous I could hardly bear my own children in the room. After using Sorbol three weeks, I feel so much better and can do all my own work. I am gaining my voice rapidly. Paper and pencil can't tell how I feel toward your remedy. I have a friend in the next square that feels just as I do. I expect to do all I can for you in this city. I would like to reach all who suffer like I have for the past three years. It saved me from an operation. Then Sorbol Quadruple is reasonable, and within reach of all. I will be glad to answer all letters from people interested.'"

Sorbol Quadruple comes in small bottles containing enough for most cases. Will not stain or irritate. Does not interfere with daily work. Leaves parts in healthful, normal condition. Easy to use. Requires 10 minutes daily.

Get further information at Johnson's Drug Store and drug stores everywhere, or write Sorbol Company, Mechanicsburg, Ohio.

Adv.—55.

NEGRO PLEADS FOR SOCIAL EQUALITY

Dr. Tindley, Speaking at Chautauqua, Distinguishes Between That and Social Sameness

A TOUCH OF PATHOS ADDED.

Points to Negroes' Part in Wars And Says They Will Continue to Keep Red in the Flag

Dr. Charles Tindley, an eminent colored minister, addressed an appreciative audience yesterday afternoon at the Rush county chautauqua, taking for his subject, "The American Flag" in which he urged a closer relationship between the two races, and told of the barriers that now exist between the races of this country.

Dr. Tindley in asserting that he prayed for a closer relationship, did not want his audience to be misled by the fact that he meant intermarriages, but that he would like to see his race and his people more on an equal with the white race.

Jokingly he said that a white man didn't have much variety to pick from in choosing a wife, "just a few shades of hair, or a slight difference in complexion and form, while my people have their choice from chalk color to charcoal, and we are mighty strong for color" declared the speaker.

"Often times I am asked who in my estimation is the hero of our race", continued Dr. Tindley. "Some ask me if it is Jack Johnson, to which I reply that in my estimation strength and brutality does not make a hero; some ask me if it is Booker T. Washington, who was a wonderful man in his time, but he is now dead. Our hero is the hero of all races. It is Jesus".

Dr. Tindley took the colors of the flag and wove them into interesting contrasts, relating how the negroes had done their part in stabilizing the colors. He told about his race taking part in the wars that the United States had participated in, and emphasized that the colored race would keep the red in the flag as long as it waved over this country.

A bit of pathos touched the audience when Dr. Tindley told about his young son who was a student in the medical college when the World War broke out, and he enlisted for overseas service. After being in the midst of the fighting for two months, word was received that he was gassed and was fatally wounded. His mother died immediately from the effect of the shock, and the speaker asserted that the two lives that he had given for his country only reddened the intenseness of his love for his native land.

In Atlantic City a few weeks ago Dr. Tindley told about putting on his bathing suit, for a swim in the ocean, only to be affronted by guards who forbade a negro from swimming in the ocean, telling him to go three miles farther down the coast.

"On my way through Ohio", he said, "I came by a small pond in which there were three swimming, one black as coal, one just between black and white, a sort of yellowish brown and the other white. I stopped and told them to separate, either for the white to leave, or the black to leave or the other to leave, and the only reply I got was a grunt, such as a pig can make".

He emphasized that social equality for his race did not mean social sameness as often times people thought the word meant. He paid a glowing tribute to the flag, asking that his race be made a part of it, to be considered like men and women and not like beasts, and that his race should be governed by laws and courts like the white race, and when a colored man does wrong punish him but not the whole race.

Wants Ads. as Bird Catchers

Want ads. have been credited with great and marvelous accomplishments, but never before in the annals of advertising, have they been given the credit for catching birds. Yet this is what they will do. A valuable canary escaped from its cage the other day and the woman who prized it highly did the most natural thing in the world. She advertised for it. Lo and behold, a man caught the bird and returned it because he read the ad.

4,000,000 PEOPLE

HELPS MAKE RICH, RED BLOOD

NUXATED IRON

Annually use these tablets of organic iron—Nuxated Iron—to build up red blood, strength and endurance.

Dr. H. B. Vail, formerly Physician in the Baltimore Hospital and a Medical Examiner says: "There are thousands whose bodies are ageing and breaking down at a time when they should be enjoying that perfect health which carries defiance to disease simply because they are not awake to the condition of their blood. By allowing it to remain thin, pale and watery, they are not giving the natural life forces of the body a chance to do their work. Iron is red blood food and in my experience I have found no better means for building the red blood corpuscles and helping to give increased power to the blood than the same iron—Nuxated Iron. Nuxated Iron comes in tablet form only and does not contain any ordinary metallic iron but only the finest quality of predigested organic iron which is easily assimilated by the blood."

W. H. BRANDES of Des Moines, Iowa, who declares he gained twenty pounds in thirty days after taking Tanlac and now feels like a different man.

"Thirty days ago or a little more, I only weighed 125 pounds, but now I balance the scales at 145 pounds and Tanlac did it," declared W. H. Brandes, a well-known and highly respected citizen of Des Moines, Iowa. Mr. Brandes has been looking after the plumbing work of the Des Moines Public Schools for the past nineteen years.

"And many of the teachers and scholars can tell you how different I look since I began taking Tanlac," he said. "I suffered from indigestion of the worst kind for the past year or more and was often so weak and dizzy I couldn't stand up, let alone walk. Nothing helped me. I finally had to take my bed and stay there for several weeks. Finally a friend persuaded me to try Tanlac and I have never seen or heard of anything to equal it. It relieved me entirely of indigestion and put me right back on my feet. I have not only gained twenty pounds in weight, but I feel like a new man in every way. I just think Tanlac is the finest thing ever sold in a drug store. Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2—Adv.

Anything in Your Eye?

Many people who come to us for eye examination imagine there is some foreign substance in their eyes.

It is hard to convince them, sometimes, that these gritty, sandy, scratching, irritating conditions are symptoms and effects due to refractory errors which usually can be corrected by the wearing of properly fitted glasses.

Let us take the "grit" out of your eyes.

WILL SOON ABOLISH THE HOME AT MARION

Soldiers' Home Will be Used as Vocational Training School For Disabled Service Men

VETERANS TAKEN CARE OF

Marion, Ind., Aug. 11—The National Soldiers' Home here is to be abolished and the buildings are to be used to house a vocational training school for disabled and partially disabled veterans of the World War.

Already many of the old soldiers, veterans of the Civil War, and also of the Spanish-American and Philippine wars, are being taken from the home and sent to other homes over the state and country.

The removal of the old soldiers from the home and the advent of men of the recent war will completely change the political aspect of Grant county, politicians say.

The work of establishing the vocational school is already begun, and the school will be completely equipped within the next few weeks.

Men who were disabled in the world war will be given training in the school in different lines of work.

Government officials say that the school is not only being established to show appreciation for the work that the men accomplished in the recent war, but also to fit the men for vocations in order that they will not become objects of charity.

Arlington and Vicinity

Mrs. Finlaw has gone to St. Joseph, Mich., for a visit.

Guy Long and Earl Henby have re-enlisted in the navy for four years.

Charlie Pierce of Washington is visiting friends and relatives in this vicinity.

The Rev. F. M. Westhafer made a business trip to Newcastle Monday. His daughter Clara accompanied him home.

Lee Rucker of Niagara Falls is visiting his sister, Cardie Dunn of this vicinity.

Mr. and Mrs. Walter Richey and daughter Catherine went to Milroy to attend the funeral of Mr. Richey's mother, Mrs. Florence I. Richey, which was held Wednesday afternoon.

Mrs. Clara Rigsbee and son Albert have left for Cincinnati for a visit with friends and relatives.

AGENT FOR TALENT HERE

George Bicknell of the Col-Alber bureau, which books chautauqua and lyceum talent, was here today in conference with the program committee of the Rush County Chautauqua regarding talent for next year's chautauqua.

POLAND'S PLIGHT DUE TO TREACHERY

Continued from Page One

Father John declared, "His power is already curbed and I understand that General Haller has been placed in command of the army. It would be a great thing if Poland would forget her pride and accept the French supreme command and I think the situation can be relieved by Poland doing the same thing. In fact, I believe it will be."

If Bolshevism becomes rampant in Poland, it will mean not only the loss of her nationality, but also the fall of the western Europe's civilization, in the opinion of Father John, because Russia will not stop at Poland. The program of the Russian Reds, he asserted, is to destroy England through her possessions by spreading propaganda in India and Egypt, and also to spread their theory of government through France and Italy.

"The allies can't afford to allow the Reds to gain the upper hand in Poland," he said.

Father John recalled that Poland signed the league of nations in good faith and with great gusto because she felt that the promise to protect the territorial integrity of member nations, by force of arms if neces-

sary, meant the salvation of Poland. But the dilatory methods of the league of nations and failure to live up to the terms of agreement has turned the Poles against the league, he asserted.

Father John announced that he would speak on "The Causes of Social Unrest," this afternoon, instead of the subject announced. He was the guest of the Rev. Francis Schaub, pastor of St. Mary's church while here.

Hear These Two Great Leaders Side-By-Side

Judge for Your Self the Tone that Best Suits You

The Vocalion and The Sonora are Recognized by all as the two most Perfect Musical Instrument of the Phonograph Type.

Hear them play your favorite record — no difference what the make may be—they play them all—without the use of extra attachments.

Priced from \$60 to \$2500

The Aeolian Vocalion is made by The Aeolian Co., who are the largest makers of musical instruments in the world.

The Vocalion Phonograph is different from anything that you have ever seen or heard and it will pay you to come in and hear it whether you buy or not.

The Sonora Phonograph won highest score for tone at the Panama Pacific Exposition.

This instrument is considered the most beautiful of all modern cabinet work and has many exclusive features that will interest you. Don't fail to hear it before you buy.

Priced from \$75 to \$2500

Come in and let us explain our easy payment plan. Play as you pay—have music in your home.

Mrs. Harding At State Fair

Wife of Republican Nominee at Indiana Exposition on Sept. 8.

Mrs. Warren G. Harding, wife of the Republican candidate for President, is to be the guest of the Indiana State Fair on Wednesday, September 8, when she will spend the afternoon and evening there. Extensive plans for receiving and entertaining her are being made. A state committee of sixty women, regardless of their political faith, is being formed to greet Mrs. Harding upon her arrival in Indianapolis, and to see that she has a rousing Hoosier welcome. Mrs. Harding will see the harness races from the grand stand in the early afternoon, when a concert is to be given by the Royal Scotch Highlanders' Band. A public reception will be held for her at the Fair's women's building, to which all Indiana women are invited. Mrs. Harding will attend the hippodrome and horse show in the coliseum in the evening, when she will tie the prize ribbons on the winners in the women's saddle horse contest. The Fair management is expecting the largest Wednesday crowd in the history of the exposition to greet the visitor from Ohio.

THE MARK ON QUALITY LUMBER

Garden Beauty Most Anyone Can Afford

Look about as you walk or drive through a residential district and note the attractive places. It isn't the "finest" homes by any means that catch your eye. More often it is the well kept yard, the shrubbery, the trimmed trees and flower beds.

And then when you see in combination with these, a neat fence, an arbor, a pergola and a bird house—you exclaim: "What a picture."

The wonder of it is that more folks don't have these tasty little garden features. There's nothing cooler and better looking. And the cost! You'll be surprised how reasonable it is.

We'll take just as much interest in supplying you with the lumber for these little improvements as if you were buying materials for a house. We can make some interesting suggestions.

He Went 50-50 With His Wife

Surprised to see how quick the new medicine Dreo, went after their troubles. Indigestion and gas in the stomach relieved, sluggish liver aroused, weak kidneys strengthened.

"I was certainly surprised to see how quick my wife and I were relieved of our troubles, by taking the new medicine Dreo," declares Mr. Harry Danham of 1521 North 12th Street, Vincennes, Ind.

"Both of us were feeling worn out, tired, no energy and had a poor appetite. My stomach would fill up with gas after each meal making me very uncomfortable, also had gripping pains in my bowels, my liver was lazy which gave me dizzy spells and spots would float before my eyes. I often had pains in my back over my kidneys and had to get up several times during the night.

"My wife was quite nervous and suffered daily from constipation, bilious headaches, and shortness of breath. The muscles in her back were sore and stiff.

"Since we have been taking Dreo both of us are feeling greatly improved, all our troubles are much better and by the time we finished a full treatment I'm sure we will be sound and well. We think Dreo the best medicine ever brought to this city."

All druggists now sell Dreo and it is being especially introduced in Rushville by F. B. Johnson & Co.—(Adv.)

WATKINS LEARNS THE GOOD NEWS

Prohibitionists Gather in Germantown Today and Tell Him He is Their Candidate

IS THIRD ONE FOR OHIO

"Dry" Leaders From Near and Far Take Part in Day's Celebration in The Small Town

(By United Press.)

Germantown, Ohio, Aug. 11—This enterprising village today was to stick another feather in Ohio's cap as the mother of presidents and would-be presidents.

And in the matter of notification ceremonies the town was not satisfied to equal the record of Dayton and Marion by notifying one man that he had been chosen as his party's nominee. Germantown will stage a twin celebration: both Aaron S. Watkins, who lives here, and D. Leigh Colvin of New York were to be told at the same time they are the candidates of the Prohibition party for president and vice-president, respectively.

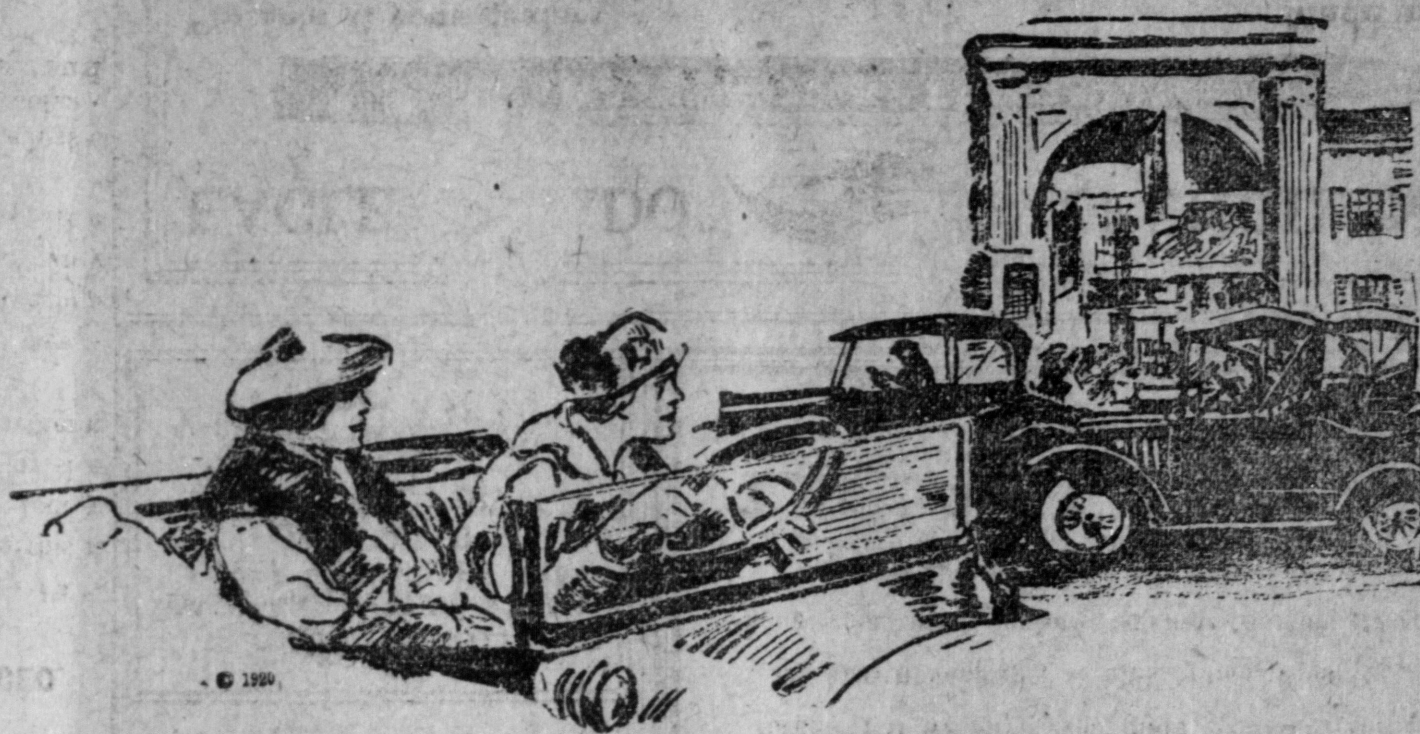

The streets of the village were decorated to receive hundreds of "dry" leaders and advocates from far and near to take part in the notification festivities. A parade was to be held in the afternoon, followed by the notification speeches and the speeches of acceptance in the early evening. After that there will be a fireworks display.

H. P. Faris of Clinton, Mo., will make the speech notifying Dr. Watkins, while Francis E. Beauchamp will tell the news to Colvin. Dr. Watkins, who is a professor of literature in a military academy here, was nominated for president by the prohibitionists at the Lincoln Neb., convention July 21, after William Jennings Bryan refused the honor. Watkins was born on a farm near Rushsylvania, Ohio, in 1867. He was a Methodist Episcopal preacher for seventeen years before he began teaching. In 1905 and 1908 he was the prohibitionists' nominee for governor of Ohio. In 1908 and 1912 he was the party's candidate for vice-president of the United States.

What's done as much as anything else to fill up the movie houses

LOOK at the crowds that step out of their cars in front of the movies every summer evening.

The movie managers would be renting half of their theatres for store space, if it weren't for the automobile.

It is typical of Americans that they took to the automobile as a matter of course—just as they have to the movies and to every other great invention of the last half century.

And the same thing has happened everytime. Taking things as they come is a fine way to foster waste and extravagance.

As regards tires, the comeback is about due. People are pretty near through pay-

ing for something that isn't there when they look for it.

III

What a man pays for in a tire is *quality*—not a limited number of miles or the privilege of getting a rebate in case the miles don't come up to the limit.

U. S. Tires are guaranteed as to quality—with *no limitation of mileage*.

And that holds just as good for the *small car tire* as for the biggest U. S. Tire we've got. There's *only one* standard of quality with U. S.—and the size of the car has *nothing whatever* to do with it.

IV

We represent U. S. Tires in this town. You'll find it worth while to talk to us before you buy any more tires.

NORTHERN INDIANA FARMERS IN SESSION

Winona Assembly Greets Rural People With Motive of Creating Closer Relationships

CONTESTS ARE ARRANGED.

Winona Lake, Ind., Aug. 11—Farmers from every part of Northern Indiana began arriving here today to attend the annual meeting of the Farmers' Association of Northern Indiana.

One of the purposes of the meeting is to create a closer relationship between the farmers and the city folk in the northern part of the state.

Committees of the Kosciusko county delegation have been soliciting funds from business men and attractive prizes will be given the largest delegation.

It was expected many farmers would remain here until Sunday when "Billy" Sunday will dedicate the Winona Lake auditorium.

OPERATION PERFORMED

Mrs. E. B. George who underwent an operation at the Memorial hospital in Connersville yesterday afternoon, is getting along as well as could be expected, it was announced today.

RUSH COUNTY BOARD OF REVIEW APPROVES HORIZONTAL RAISES

Decides Today no Changes Should be Made in Valuations Fixed by Tax Commissioners in 1919.

MEMBERS ARE UNANIMOUS

Arrives at This Conclusion After Comparing Valuations With Actual Sales Made Here

200 INSTANCES ARE CITED

Find Average Appraised Value Is 81 Percent of Sale Value—Not to Open Individual Cases

The Rush county board of review, which has been in special session since Monday, today unanimously approved the horizontal increases put on personal property and real estate assessments in this county August 23, 1919, and so notified the state board of tax commissioners.

The record of the board proceedings shows that after due consideration, the local reviewers decided that no changes should be made in the valuations as fixed by the state board last year.

This conclusion was reached after the board, by comparing recent sales of real estate, found that the property changing hands in recent months had been sold for an average of eighty-one percent of its appraised value.

This, the board held, was vindication enough of the state board's horizontal increases, because it showed that the average actual cash value is only four-fifths of the assessed value.

The board also concluded that the new law, under which the special session was called, did not contemplate that it should take up the revision of the assessments of any individual taxpayers.

It was pointed out by board members that taxpayers had an opportunity last spring to appeal to the state board where they thought their assessments were too high. All taxpayers had to do at that time was to present their case to the county auditor, and if approved by him and the county treasurer and assessor it went to the state board. There were fifty such cases in this county last spring. All of them went to the state board and in every case a reduction in assessment was ordered, as recommended by the local officials.

The Rush county reviewers arri-

ved at the average percent of appraisalment in comparison with actual sales of real estate by taking 200 sales made in the fifteen taxing units of the county. Of the 200 sales, only ten of them were greater than the assessed valuation of the property sold. The excess of assessments over sale value in these ten instances was \$3,055.

Two pieces of property were assessed at \$100 each more than they sold for, one for \$150, one for \$170, one for \$180, one for \$225, one for \$280, one for \$305, one for \$500, and one for \$1,045.

The sales were made in the following taxing units: Carthage 12, Rushville city 35, Glenwood 5, Ripley township 13, Posey 14, Walker 15, Orange 14, Anderson 14, Rushville 15, Jackson 10, Center 12, Washington 14, Union 11, Noble 10 and Richland 6.

The appraised value of the 200 pieces of property compared was \$1,594,933 and the sale value was \$1,958,145.

HENRY J. SPAAN TO SPEAK ON SATURDAY

Candidate for Congress From 7th District to Address Chautauqua Democratic Day

GOV. MORROW HERE FRIDAY

Henry N. Spaan, an Indianapolis lawyer and democratic candidate for congress in the seventh district (Marion county) will deliver the address at the chautauqua Saturday afternoon at three o'clock. This will be democratic day and Friday will be republican day when Governor Edwin P. Morrow of Kentucky will speak.

Mr. Spaan is well known in Rushville, having practiced law in the Rush circuit court. He is a very brilliant orator and is capable of making effective defense of his party's position in the campaign. He will be accompanied here by Dr. McCullough, democratic candidate for governor.

Governor Morrow will arrive in Rushville shortly before noon on Friday and will go to the home of Mr. and Mrs. Fred A. Caldwell, where he will be entertained during his stay in the city. While a resident of Rising Sun, Ind., before marriage, Mrs. Caldwell was well acquainted with Gov. Morrow. The governor will be accompanied by a number of Marion county republicans and delegations are expected from every county in the sixth district to attend the meeting.

Arrangements were made for a formal reception for Governor Morrow at the court house assembly room Friday afternoon at one-thirty o'clock. The following committee was named: John A. Titsworth, chairman, Johnson Jones, Will M. Bliss, Theodore Reed, Judge Will M. Sparks, John Carr, R. E. Mansfield, R. F. Scudder, Fred A. Caldwell, Charles A. Frazee, Vern W. Norris, Will H. McMillin and Will M. Frazee.

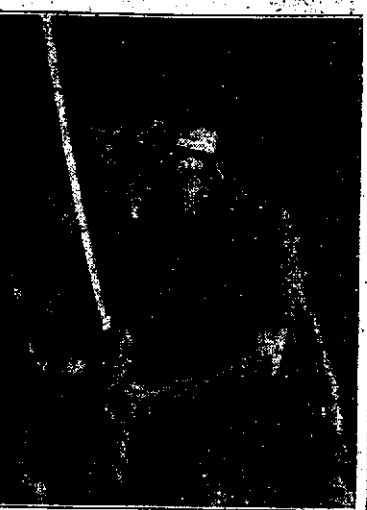

MRS. JOHN GOODWIN NAMED

Brookville Woman Becomes Republican District Chairman

Mrs. John Goodwin of Brookville has been appointed district chairman of the republican women's organization, according to an announcement made at the headquarters of the party in Indianapolis. She succeeds Mrs. Elizabeth Claypool Earl of Connersville, who expressed her desire to retire some time ago on account of other pressing duties.

It was known here that Mrs. Goodwin would probably be selected as Walter F. Bossert of Liberty, district chairman, said while here at a county organization meeting last Saturday, that he expected to recommend Mrs. Goodwin for the place.

Entertainers at Chautauqua

Mr. and Mrs. Michitaro Ongawa, Japanese, gave the prelude this afternoon and will present a musical and dramatic program tonight at 7:30.

DISTRICT RALLY IS SET FOR AUGUST 25TH

Arrangements Being Completed For Opening of Republican Campaign at Connersville

MAIN ADDRESS BY WATSON

Wednesday, August 25, is the date which has been set for the republican rally of the sixth district, according to word from Connersville where the event will be held. Sen. James E. Watson will be the principal speaker and there will also be addresses by Congressman Richard N. Elliott and a woman of national reputation. The date was selected by a committee of which Glen Zell, Fayette county chairman, is chairman.

The rally is for every county in the sixth district, and as it will be the first salvo of the republican campaign within that district, it is regarded with natural interest.

Large bills, announcing the date and some of the particulars, were printed yesterday and were to be sent in liberal quantities, to the several county chairmen of the sixth, Ron Riggs, of Rush county, Oliver LaFuze, Liberty, I. M. Bridgeman, Franklin, Paul Comstock, Wayne; Rufus Hinshaw, Henry; Otto A. Lee, Shelby, and E. M. Rafferty, Hancock. These chairmen will distribute the bills and carry the word of the meeting throughout their provinces. Walter Bossert, district chairman, will preside over the meeting.

Whether or not there will be refreshments of any kind in the evening is a question. Subcommittees in every county in the district are to be appointed, headed probably by the several county chairmen, with the purpose of making the rally not only a large affair, as the opening of the district campaign, but actually the largest political meeting ever held in the sixth.

MRS. S. P. STEWART DIES AT SHELBYVILLE

Mrs. S. P. Stewart, for a number of years a resident of this city, moving only about a year ago to Shelbyville, expired this morning about 2:30 o'clock at the home of her daughter, Mrs. Frank Dugan, with whom she was living. Mrs. Stewart's death resulted from complications that followed a fracture of the hip several months ago.

Mr. and Mrs. Stewart lived for a number of years at the corner of Fifth and Harrison streets and before moving to Shelbyville lived at 323 West Ninth street. She was 78 years old at the time of her death.

The deceased is survived by the husband and two children, the daughter in Shelbyville at whose home she expired and Mrs. George Green of this city. Besides these relatives, she is survived by a great many near and distant relatives.

The funeral services have not been completed, but it is thought likely that burial will be made in the Springhill cemetery, east of Sandusky.

Comparison Between Valuations and Sales of Same Property

The following table is a comparison between the assessments for 1919, including the horizontal increases, of 200 pieces of property in the fifteen taxing units of the county, and the amount for which they have sold in recent months, showing appraisements amount to an average of 81 per cent of the sale value. It was prepared by the county board of review as a vindication for approving the horizontal increases:

	No. of sales	Appraisalment	Sold For	Per Cent
Carthage	12	\$ 14,825	\$ 17,560	.84
Rushville	35	97,225	135,420	.72
Glenwood	5	8,825	12,250	.72
Ripley Twp.	13	138,855	157,820	.87
Posey	14	79,760	91,885	.86
Walker	15	82,003	82,327	.75
Orange	14	134,860	160,321	.84
Anderson	14	86,060	103,007	.83

REDS WITHIN 25 MILES OF WARSAW

Dispatch to Berlin Newspaper Says North Wing of Polish Army Has Virtually Dissolved

HOPE FOR PEACE IN TERMS

British Cabinet Believes Satisfactory Agreement Can be Reached—What Russia Proposes

(By United Press.)
Berlin, Aug. 11.—The Russians are twenty-five miles from Warsaw, according to a dispatch to the Berlin Lokam Anzeiger today.

The northern wing of the Polish armies has virtually "dissolved," the dispatch said. Its ammunition is exhausted.

Washington, D. C., Aug. 11.—Poland will be inspired with new hope by President Wilson's note promising that the United States will use "all-available means" to protect that country's integrity, Prince Lubomirski, Polish minister here declared today.

President Wilson will shortly extend material aid to Poland in conformity with his note, it was stated today in official headquarters here.

London, Aug. 11.—Members of the British cabinet, it was learned today, believe there is a satisfactory basis of settlement in the armistice and peace terms which the Bolshevik sent, to be presented to Poland at the Minsk conference today.

The terms were announced to Premier Lloyd George in the house of commons during the night after they had been handed to him by Leo Kamenoff, one of the Russian representatives. In brief the Bolshevik terms call for:

Immediate reduction of the Polish army to 10,000 men with an annual draft for the army of 5,000 men thereafter.

The time set for the demobilization is one month. Surrender to the Russians of all superfluous arms.

Prohibition of all shipments of troops or materials to Poland from abroad.

Grant to Russia all accessions to the Baltic with commercial advantages.

Handing over to Poland of additional territory on the Eastern frontier to be given to families of Poles killed in the war as compensation.

Demobilization of all Polish war industries.

Withdrawal of Russian troops from the Polish frontiers as rapidly as the army is demobilized.

Fixing the armistice lines as an actual frontier when the fight ends. The Poles to withdraw 34 miles to create a neutral zone.

The Russian communication indicated the frontier to be granted Poland by Russia would be better for Poland than the boundaries established by the allies.

POLAND'S PLIGHT DUE TO TREACHERY

Father John Palubicki Says in Interview Country's President is International Socialist

IS IN SYMPATHY WITH REDS

Asserts Poles in United States Are Aggrieved at League of Nations For Failure to Function

That Poland's present plight is largely due to the treachery of its president and commander-in-chief, General Pilsudski, was the declaration today of Father John Palubicki of Fullerton, Nebraska, who arrived shortly before noon to address a chautauqua audience this afternoon at three o'clock. Father John was born in Poland and takes a keen interest in his native land.

He also stated that the Polish people in the United States are very much aggrieved over the failure of the league of nations to function and protect the territorial integrity of its signatories, as Article 10 provides. The attitude of the Poles, Father John said, has a bearing on the coming election because they will support the republican candidate for president, due to the party's stand on the league of nations.

Father John spoke from actual knowledge of the feeling of Poles in the United States, for he has been in Chicago, which has a large Polish population, and has discussed the question with Polish leaders there.

"The present condition in Poland is due to causes leading from the inside," Father John said. "The president of the republic and commander-in-chief of the army, General Pilsudski, is a noted international socialist and has been proved as such. We believe that he is in sympathy with the Reds and that he has plotted to turn Poland into a Soviet form of government."

"He has opposed French efforts to place the Polish army under French command, fearing that Poland can stay the tide of Sovietism. The right-thinking element of Poland, however, has found the man out in his treachery to civilization. Pilsudski was the leader of the radicals when Paderewski was president and defeated the Paderewski government in the elections."

Father John pointed out that Poland was partially to blame for the present situation because of failure to abide by the territorial lines laid down by the Versailles treaty. He said the country wanted the boundaries where they were in 1772 before part of Poland was absorbed. He questioned the honesty of purpose of Gen. Pilsudski in embroiling his nation with the Russian Reds, because it is his opinion that Pilsudski's secret aim was to allow the Soviets to sweep over Poland and set up their form of government. "I do not think he will succeed," Father John said.

FATHER PALUBICKI IN LECTURE TODAY

Fullerton, Nebraska Pastor Speaks This Afternoon and Japanese Actors Appear Tonight

SPLENDID PROGRAM THURSDAY

Mable Quam Stevens Attracts Record Crowd of Chautauqua—Feichtl's Yodlers Please Again

Tonight

8:50 a. m. Lecture—Prof. George D. Wham.

9:50 a. m. Lecture—Supt. E. J. Llewellyn.

10:50 a. m. Lecture—Prof. George D. Wham.

2:00 p. m. Concert—Florentine Company.

3:00 p. m. Lecture—Strickland Gillilan.

7:30 p. m. Concert—Florentine Company.

8:15 p. m. Lecture—Dr. Lena K. Sadler.

Friday, August 13th

8:30 a. m. Opening Exercises.

8:50 a. m. Lecture—Prof. George D. Wham.

9:50 a. m. Lecture—Supt. E. J. Llewellyn.

10:50 a. m. Lecture—Prof. George D. Wham.

2:00 p. m. Prelude—Davies Light Opera Company.

3:00 p. m. Address by Gov. Edwin P. Morrow of Kentucky.

7:30 p. m. Grand Concert—Davies Light Opera Company.

The Rev. John Palubicki, pastor of St. Peter's church at Fullerton, Nebraska, who sprang into prominence during the war as a patriotic lecturer, addressed a large audience at the chautauqua this afternoon on "Enthusiasm for American Ideals."

Although born in Poland, he displayed a rare insight into the fundamental principles of Americanism. Mr. and Mrs. Michitaro Ongawa, Japanese actors, who appeared in a prelude this afternoon and will offer a musical and dramatic program tonight, are regarded as the most unique pair ever on the chautauqua platform. They come to the chautauqua with the prestige of New York successes and with their interpretation of the folk songs and dances of their native land, present something which never before was offered chautauqua patrons.

Tomorrow's attendance is expected to equal if not exceed that of yesterday, when two favorites appeared. Mrs. Mable Quam Stevens, who opened the assembly last year with two lectures, attracted the largest crowd of the year last night and Dr. Charles Tindley of Philadelphia also was given a fine hearing yesterday afternoon.

The Florentine Musicians, who are recommended as especially fine, will be here for two concerts tomorrow and Strickland Gillilan speaks in the afternoon and Dr. Lena K. Sadler in the evening. This is a program which is not exceeded by any during the week and it is believed that chautauqua goers will recognize its merits.

Mrs. Otto Feichtl's Alpine Yodlers, who gave two programs Tuesday, proved equally as popular last year when they were first at the Rush county chautauqua. The variety of the entertainment had a wide appeal and the famous yodel song was greeted with as much applause as formerly. Music on the queer instrument used by the Alpine folk, the zither, was a feature of both programs.

Mrs. Stevens, remembered for her remarkably dramatic addresses here last year, bears the distinction of bringing out the largest crowd of the week for the cotillion which was packed with people when she began to speak. Although her subject was "The Little Red Rose," based on a biblical story of the love of a mountain girl of Palestine for her shepherd lover, she deviated much from the theme to weave in some of her own experiences.

PETITION FOR REPAIR AT GINGS DISMISSED

Public Service Commission Announces Results Obtained After J. C. Brook's Request

ADDRESSED LETTER TO ROAD

A petition filed May 26 with the Public Service Commission of Indiana by Jesse C. Brooks and others for the improvement in the stock yards at Gings Station, today was ordered dismissed by the Public Service Commission, when the superintendent of the Pennsylvania railroad announced that the repairs asked for in the petition had been completed with.

The petition filed by the farmers living near Gings stated that the stock pens and facilities for watering stock at Gings on the Pennsylvania railroad were badly in need of repairs, and requested that improvements be made for the proper shipping of live stock. The commission later addressed a letter to W. C. Downing, general superintendent of the railroad, who on July 31 replied, stating that the repairs were made the latter part of June.

The commission after being advised, today stated that in their opinion the petition should be dismissed and accordingly have ordered the petitioners to dismiss the action.

JOINT SALE OF BIG TYPE POLANDS

At Highland Stock Farm, one-half mile north of
Straughn, Indiana, on

Thurs. Night, Aug. 12'20

Following the Jones & Pike Sale.

Supper at 6:30 — Sale at 7:00

—Mr. and Mrs. Edward Frazee and Miss Dorothy Frazee have returned to their homes in this city from a motor trip to Detroit, Mich.

—Oliver Megee and his brother-in-law, Sherman Smith of Charlottesville, left today for a trip of three or four weeks through the west.

—Mrs. Dick Hogsett of Phoenix, Ariz., who has been visiting relatives here, is a guest for a few days of Mr. and Mrs. John A. Nelson of Arlington.

—Mrs. Lafe G. Hall of Raleigh is spending the week here with her sisters, the Misses Meredith of North Morgan street, and attending the chautauqua.

—Fire Chief Joe Williamson left last night for Fort Wayne, where he will attend a meeting of the Indiana Firemen's Association, which is in session today and tomorrow in that city.

The White House.

John Adams was the first president to occupy the White House, in 1800. In those days it was gray, having been built of Virginia free stone. After the British burned it in 1814, white paint was used to cover the marks of the fire, and since that time this paint has been renewed regularly. The White House grounds within the iron fence contain 18 acres, while the adjoining White House lot has 70 acres.

Amusements

Alice Brady in "Sinners"

"Sinners", the photoplay featuring Alice Brady and being shown today at the Princess Theatre, is well named, although it includes an immoral man who poses as virtuous and a moral woman who poses as immoral. Most of the rest of the cast are persons good and bad who profess to be nothing more or less than they really are.

The picture very closely follows the stage play of the same name which was written for Miss Brady by Owen Davis, and in which the actress successfully appeared for several months on Broadway. It is one of the numerous recent dramas that has helped to establish Mr. Davis as a leading playwright, and while not a novel story, contains those elements of heart appeal which always win enthusiastic response from an American audience.

Miss Brady is cast as "Mary Horton", a country girl who goes to the city and is befriended by a woman of questionable reputation. The circumstance of living with this woman and associating with her friends leads to accusations being made which develop some highly dramatic situations. Miss Brady is a pleasing, satisfactory, and fortunately undemonstrative heroine. She registers emotion without over-acting; is natural and convincing.

FATHER PALUBICKI IN LECTURE TODAY

Continued from Page One

ments on present day life. "None of us is expecting to surpass you," she said, addressing the men in regard to the status of women, "but we want to move up beside you so we can be good helpmates."

Mrs. Stevens referred to the five worlds in which we live, quoting a number of prominent men in regard to their opinion of women. She mentioned the following statements to show women's responsibility, and some of them she refuted.

"Women are responsible for most of men's sins."

"Half of the women are unfit physically to become mothers."

"No town rises higher than its best woman and no town will fall lower than its lowest woman."

Referring to the five worlds, the speaker pointed out that women are in the vast majority as teachers and that they must meet their responsibility or quit.

She also showed that women are in the majority as Sunday school teachers and it rests with them to give the children of America the foundation for their moral life.

Referring to the political world, Mrs. Stevens said the women had used their tongues effectively in other moral reforms.

Regardless of the charge that women are devoting most of their time to clubs and missionary societies, Mrs. Stevens declared that her sex was still on the job in the homes, darning and cooking and sweeping.

"However," she continued, "we have moved out into the streets. We have become community mothers and have a larger control over our own civic affairs than ever before."

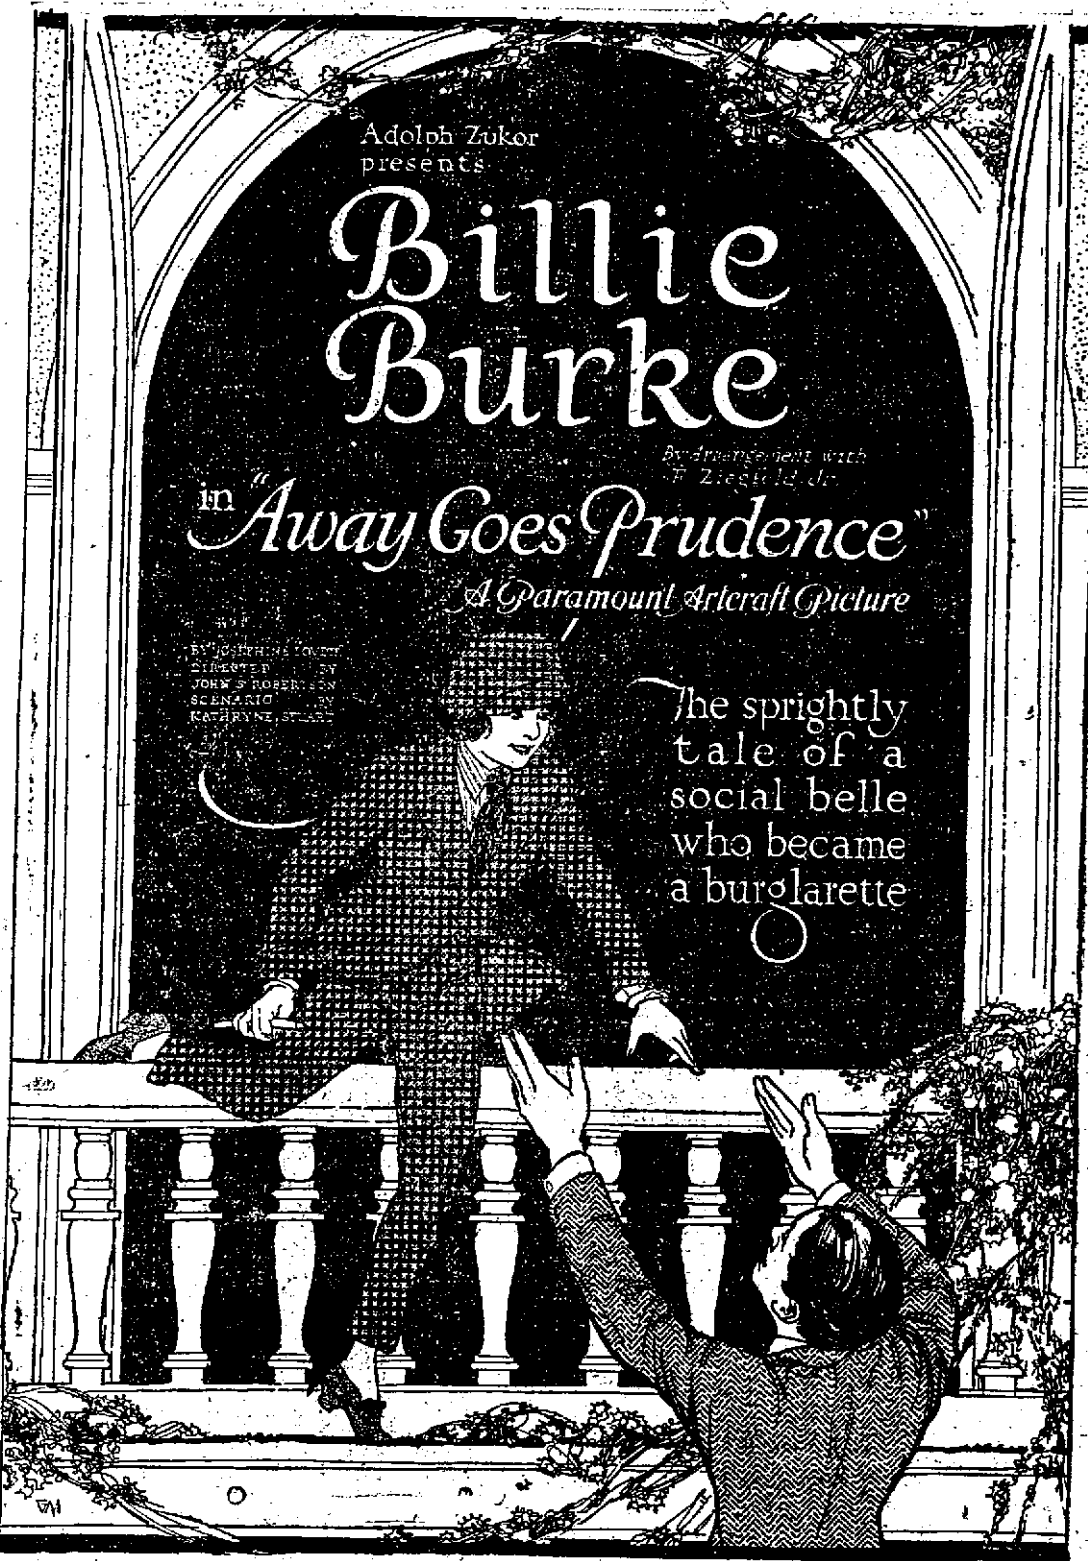

In speaking of the last of the five worlds, the social world, Mrs. Stevens said that woman controls it.

"No man will go farther," she declared, "than a woman will permit him, unless he be a brute, and there are few brutes among men. The social standards of a town are whatever the women make them."

"Work is the salvation of us all," asserted Mrs. Stevens, after telling the story of an acquaintance of hers who served her husband pain three meals a day and found that work was the real cure.

She told of an Illinois town where she found 52 widows lived. She inquired for the reason and was told that they had been the wives

Coal Production

The people who suffer this winter for the want of coal may thank the greed of the miners and the negligence of the railroads in providing cars. The story of the coal industry for the last year, with its two big strikes and its many petty walk-outs, together with the failure of the transportation system to haul the product of the mines, is not one of which it can be very proud. The coal industry offers a problem

which is not only a problem for the people who suffer this winter for the want of coal, but also a problem for the country as a whole. The coal industry is not only a problem for the people who suffer this winter for the want of coal, but also a problem for the country as a whole. The coal industry is not only a problem for the people who suffer this winter for the want of coal, but also a problem for the country as a whole.

Coal production has been seriously affected by two strikes. The first was the strike of the bituminous miners on Nov. 1, 1918. During October, 1919, the production of bituminous coal, according to the Geological Survey, was running above 2,000,000 tons per day. For the week ending April 25, 1920, the production was at the rate of 2,169,000 tons per day, the largest tonnage ever recorded in history.

Some 400,000 miners went on strike November 1 and the daily average production for the first week ending November 8, was 592,000 tons, or less than thirty percent of the normal production. For the week ending December 13 the average daily production was 967,000 tons, or forty-eight percent of normal. The strike decreased the yearly production by at least 40,000,000 tons and the country is the poorer by the value of goods which 40,000,000 tons of coal would produce.

From the middle of December production increased rapidly and at the beginning of January, 1920, exceeded the 2,000,000 ton per day mark. Owing to the inability of the mines to get cars the production de-

clined to about 1,750,000 tons per day during February and March. In April the switchmen's strike caused the production to drop to an average of 1,260,000 tons for the week ending April 17, a decrease of about thirty percent. Since that time, production has gradually increased until it reached about 1,750,000 tons per day in the early part of June. This strike, with its related car shortage, has cost the country some 20,000,000 tons of coal.

It Makes a Vast Difference

A farmer had a horse to sell. It had a serious defect, but one which was not readily discernible. Another fellow who was in need of a good horse stopped to look at it. "Sound as a dollar, so far as I know," said the farmer, conveniently forgetting the defect which he knew to exist. The animal changed hands, and the purchaser was stung. A few months later the same farmer went to a neighboring county and paid a big price for a bull. Later he found that he had been stung in the transaction. "I'll have the law on that swindler," he raged, and promptly brought suit against the former owner of the bull. It makes a difference whether you sting or get stung.

The full dinner pail is no longer a slogan in our national elections. Nothing short of a complete dining car service would satisfy the average voter of today.

Of course, if you don't want to pay the railroads that 20 per cent increase in passenger rates, you can buy an automobile instead. Even a buzz wagon would be cheaper than walking at the present price of shoe leather.

A Fremont, Neb., man punched another fellow on the jaw, knocked him end for end, fractured the jaw, and was warmly thanked by his victim. It was a prompt and effective method of separating him from a live wire which he had grasped and could not let go.

Sap and Salt

By BERT MOSES.

It isn't easy to be virtuous on a small salary. The art of lying reaches its zenith in a political platform. Marry once out of curiosity, twice out of revenge, thrice out of habit. The world is waiting for a genius to come along and find a new use for corkscrews. There are not enough of the best things to go around, so be satisfied with what you can get.

Hex Heck says: "There are a lot of folks who put more faith in a patent medicine almanac than in the Bible."

HEARING SET FOR AUG. 31

State Commission to Consider The Petition of Interurban Lines

The Public Service Commission of Indiana has set August 31, at ten o'clock in the morning as the time for hearing the petition of increase in passenger and freight rates as peti-

Goodyear Tires for Small Cars Are Popular Because Economical

There is nothing but disappointment in buying cheaply made tires that are announced as wonderful bargains at a few dollars each and then fail after brief terms of service.

Get exceptional mileage at exceedingly low cost in Goodyear Tires, of the 30x3, 30x3 1/2 and 31x4-inch sizes, built of Goodyear-selected materials and with Goodyear skill and care.

Due to their precise manufacture in the world's largest tire factory devoted to these sizes, their quality is most economically produced and therefore most economically employed.

If you own a Ford, Chevrolet, Maxwell, Dort or other car taking these sizes, go to your nearest Service Station for Goodyear Tires; ride farther and fare better.

30 x 3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3 1/2 size \$4.50 in waterproof bag

tioned for jointly by the Indianapolis and Cincinnati traction company. The local traction company with 23 other electric lines filed a petition asking for higher passenger and freight rates, and the commission has set aside the entire week beginning August 30, and has designated the day and hour for the hearing of each line. The proposed passenger rates for the electric lines ask for provide an increase of .6 of one cent a mile, or a basic rate of 3.6 cents a mile. They want a 20 percent increase in freight rates.

New Tasteless Castor Oil Is Easy To Take

Strength and Purity Remain the Same, But Unpleasant Taste Is Removed

A remarkable process perfected by the chemists of Spencer Kellogg & Sons, Inc., has resulted in a great improvement in castor oil, the reliable old family remedy. This new tasteless castor oil has the same strength and purity as the old-fashioned kind. It's 100% pure castor oil. Nothing has been removed but the nauseating taste. Think what this means to mothers and their children. When the doctor says "Give them castor oil" there need no longer be any trouble. Children need never know they are taking castor oil. Grown-ups will also appreciate the difference between Kellogg's Tasteless Castor Oil and the old-fashioned nauseating kind. Sold by all good druggists. If you want a castor oil absolutely without nauseating taste, insist on genuine Kellogg's Tasteless Castor Oil. Three sizes, 16, 32, and 64 oz. bottles.

OVERLAND FOUR Breaks World Record

JUST AS WE ALL EXPECTED

OVERLAND 4 again proves superior stability and economy. Leaves New York 'Midnight-Sunday, July 18th. Arrives San Francisco Monday, 7:05 A. M. July 26th. Travels 3442 miles across the continent over all kinds of roads. Averages 19.2 miles per hour elapsed time. Averages 27.2 miles per gallon of gasoline. This breaks all world's records for light stock cars on transcontinental runs in gasoline economy, average speed elapsed time and condition of car on arrival. Pile this record on top of our own 5452 miles over frozen roads in February. 20.24 miles per gallon of gasoline.

LET'S KEEP ON GOING.

SALE OF GRAVEL

Indianapolis and Cincinnati Traction Co.

This company has had many inquiries for gravel at different points along its line but few of which have as yet been complied with because of want of car facilities.

The Company is now equipped with side dump cars for hauling gravel promptly and in either large or small quantities.

All freight rates on steam and electric roads are to be increased 40 per cent some time the latter part of this month and all gravel hauled after such increase will, on account thereof, cost 22 cents per yard more along the Rushville Division, and 26 cents per yard more along the Shelbyville Division, making the total cost after such increase in rates, \$1.97 per yard on the Rushville Division and \$2.11 per yard on the Shelbyville Division.

All gravel that is delivered before the increase in freight rates will be at the present prices of \$1.75 per yard on the Rushville Division and \$1.85 per yard on the Shelbyville Division.

All orders for gravel should be sent direct to me at 310 Traction Terminal Building, Indianapolis, Indiana.

Indianapolis Lady Has Wonderful Experience With External Remedy

Note: It would be illegal to publish these statements if they were not true. The following article was copied from the Indianapolis Star: "Mrs. F. W. Harlan, 345 Christian St., Indianapolis, Ind., says: 'I have used almost one bottle of Sorbol Quadruple, and see such a change. It became so I could scarcely speak above a whisper, and my work was a dead drag. I had been having such wild headaches. I was so nervous I could hardly bear my own children in the room. After using Sorbol three weeks, I feel so much better and can do all my own work. I am gaining my voice rapidly. Paper and pencil can't tell how I feel toward your remedy. I have a friend in the next square that feels just as I do. I expect to do all I can for you in this city. I would like to reach all who suffer like I have for the past three years. It saved me from an operation. Then Sorbol Quadruple is reasonable, and within reach of all. I will be glad to answer all letters from people interested.'"

Sorbol Quadruple comes in small bottles containing enough for most cases. Will not stain or irritate. Does not interfere with daily work. Leaves parts in healthful, normal condition. Easy to use. Requires 10 minutes daily.

Get further information at Johnson's Drug Store and drug stores everywhere, or write Sorbol Company, Mechanicsburg, Ohio.

Adv.—55.

NEGRO PLEADS FOR SOCIAL EQUALITY

Dr. Tindley, Speaking at Chautauqua, Distinguishes Between That and Social Sameness

A TOUCH OF PATHOS ADDED

Points to Negroes' Part in Wars And Says They Will Continue to Keep Red in the Flag

Dr. Charles Tindley, an eminent colored minister, addressed an appreciative audience yesterday afternoon at the Rush county chautauqua, taking for his subject, "The American Flag" in which he urged a closer relationship between the two races, and told of the barriers that now exists between the races of this country.

Dr. Tindley in asserting that he prayed for a closer relationship, did not want his audience to be misled by the fact that he meant intermarriages, but that he would like to see his race and his people more on an equal with the white race.

Jokingly he said that a white man didn't have much variety to pick from in choosing a wife, "just a few shades of hair, or a slight difference in complexion and form, while my people have their choice from chalk color to charcoal, and we are mighty strong for color" declared the speaker.

"Often times I am asked who in my estimation is the hero of our race", continued Dr. Tindley. "Some ask me if it is Jack Johnson, to which I reply that in my estimation strength and brutality does not make a hero: some ask me if it is Booker T. Washington, who was a wonderful man in his time, but he is now dead. Our hero is the hero of all races. It is Jesus."

Dr. Tindley took the colors of the flag and wove them into interesting contrasts, relating how the negroes had done their part in stabilizing the colors. He told about his race taking part in the wars that the United States had participated in, and emphasized that the colored race would keep the red in the flag as long as it waved over this country.

A bit of pathos touched the audience when Dr. Tindley told about his young son who was a student in the medical college when the World War broke out, and he enlisted for overseas service. After being in the midst of the fighting for two months, word was received that he was gassed and was fatally wounded. His mother died immediately from the effect of the shock, and the speaker asserted that the two lives that he had given for his country only reddened the intenseness of his love for his native land.

In Atlantic City a few weeks ago Dr. Tindley told about putting on his bathing suit, for a swim in the ocean, only to be affronted by guards who forbade a negro from swimming in the ocean, telling him to go three miles farther down the coast.

"On my way through Ohio", he said, "I came by a small pond in which there were three swimming, one black as coal, one just between black and white, a sort of yellowish brown and the other white. I stopped and told them to separate, either for the white to leave, or the black to leave or the other to leave, and the only reply I got was a grunt, such as a pig can make."

He emphasized that social equality for his race did not mean social sameness as often times people thought the word meant. He paid a glowing tribute to the flag, asking that his race be made a part of it, to be considered like men and women and not like beasts, and that his race should be governed by laws and courts like the white race, and when a colored man does wrong punish him but not the whole race.

Wants Ads. as Bird Catchers
Want ads. have been credited with great and marvelous accomplishments, but never before in the annals of advertising have they been given the credit for catching birds. Yet this is what they will do. A valuable canary escaped from its cage the other day and the woman who prized it highly did the most natural thing in the world. She advertised for it. Lo and behold, a man caught the bird and returned it because he read the ad.

W. H. BRANDES of Des Moines, Iowa, who declares he gained twenty pounds in thirty days after taking Tanlac and now feels like a different man.

"Thirty days ago or a little more, I only weighed 125 pounds, but now I balance the scales at 145 pounds and Tanlac did it," declared W. H. Brandes, a well-known and highly respected citizen of Des Moines, Iowa. Mr. Brandes has been looking after the plumbing work of the Des Moines Public Schools for the past nineteen years.

"And many of the teachers and scholars can tell you how different I look since I began taking Tanlac," he said. "I suffered from indigestion of the worst kind for the past year or more and was often so weak and dizzy I couldn't stand up, let alone walk. Nothing helped me. I finally had to take my bed and stay there for several weeks. Finally a friend persuaded me to try Tanlac and I have never seen or heard of anything to equal it. It relieved me entirely of indigestion and put me right back on my feet. I have not only gained twenty pounds in weight, but I feel like a new man in every way. I just think Tanlac is the finest thing ever sold in a drug store. Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2—Adv.

Anything in Your Eye?

Many people who come to us for eye examination, imagine there is some foreign substance in their eyes.

It is hard to convince them, sometimes, that these gritty, sandy, scratching, irritating conditions are symptoms and effects due to refractory errors which usually can be corrected by the wearing of properly fitted glasses.

Let us take the "grit" out of your eyes.

WILL SOON ABOLISH THE HOME AT MARION

Soldiers' Home Will be Used as Vocational Training School For Disabled Service Men

VETERANS TAKEN CARE OF

Marion, Ind., Aug. 11.—The National Soldiers' Home here is to be abolished and the buildings are to be used to house a vocational training school for disabled and partially disabled veterans of the World War. Already many of the old soldiers, veterans of the Civil War, and also of the Spanish-American and Philippine wars, are being taken from the home and sent to other homes over the state and country.

The removal of the old soldiers from the home and the advent of men of the recent war will completely change the political aspect of Grant county, politicians say.

The work of establishing the vocational school is already begun, and the school will be completely equipped within the next few weeks.

Men who were disabled in the world war will be given training in the school in different lines of work.

Government officials say that the school is not only being established to show appreciation for the work that the men accomplished in the recent war, but also to fit the men for vocations in order that they will not become objects of charity.

Arlington and Vicinity

Mrs. Finlaw has gone to St. Joseph, Mich., for a visit.

Gay Long and Earl Henby have re-enlisted in the navy for four years.

Charlie Pierce of Washington is visiting friends and relatives in this vicinity.

The Rev. F. M. Westhafer made a business trip to Newcastle Monday. His daughter Clara accompanied him home.

Lee Rucker of Niagara Falls is visiting his sister, Cardie Dunn of this vicinity.

Mr. and Mrs. Walter Richey and daughter Catherine went to Milroy to attend the funeral of Mr. Richey's mother, Mrs. Florence I. Richey, which was held Wednesday afternoon.

Mrs. Clara Bigsbee and son Albert have left for Cincinnati for a visit with friends and relatives.

AGENT FOR TALENT HERE

George Bicknell of the Col-Alber bureau, which books chautauqua and lyceum talent, was here today in conference with the program committee of the Rush County Chautauqua regarding talent for next year's chautauqua.

POLAND'S FLIGHT DUE TO TREACHERY

Continued from Page One

Father John declared: "His power is already curbed and I understand that General Haller has been placed in command of the army. It would be a great thing if Poland would forget her pride and accept the French supreme command and I think the situation can be relieved by Poland doing the same thing. In fact, I believe it will be."

If Bolshevism becomes rampant in Poland, it will mean not only the loss of her nationality, but also the fall of the western Europe's civilization, in the opinion of Father John, because Russia will not stop at Poland. The program of the Russian Reds, he asserted, is to destroy England through her possessions by spreading propaganda in India and Egypt, and also to spread their theory of government through France and Italy.

"The allies can't afford to allow the Reds to gain the upper hand in Poland," he said.

Father John recalled that Poland signed the league of nations in good faith and with great gusto because she felt that the promise to protect the territorial integrity of member nations, by force of arms if neces-

sary meant the salvation of Poland. But the dilatory methods of the league of nations and failure to live up to the terms of agreement has turned the Poles against the league, he asserted.

Father John announced that he would speak on "The Causes of Social Unrest," this afternoon, instead of the subject announced. He was the guest of the Rev. Francis Schaub, pastor of St. Mary's church while here.

Mrs. Harding At State Fair

Wife of Republican Nominee at Indiana Exposition on Sept. 8.

Mrs. Warren G. Harding, wife of the Republican candidate for President, is to be the guest of the Indiana State Fair on Wednesday, September 8, when she will spend the afternoon and evening there. Extensive plans for receiving and entertaining her are being made. A state committee of sixty women, regardless of their political faith, is being formed to greet Mrs. Harding upon her arrival in Indianapolis, and to see that she has a rousing Hoosier welcome. Mrs. Harding will see the harness races from the grand stand in the early afternoon, when a concert is to be given by the Royal Scotch Highlanders' Band. A public reception will be held for her at the Fair's women's building, to which all Indiana women are invited. Mrs. Harding will attend the hippodrome and horse show in the coliseum in the evening, when she will tie the prize ribbons on the winners in the women's saddle horse contest. The Fair management is expecting the largest Wednesday crowd in the history of the exposition to greet the visitor from Ohio. —Adv.

Long-Bell
THE MARK ON QUALITY LUMBER

Garden Beauty Most Anyone Can Afford

Look about as you walk or drive through a residential district and note the attractive places. It isn't the "finest" homes by any means that catch your eye. More often it is the well kept yard, the shrubbery, the trimmed trees and flower beds.

And then when you see in combination with these, a neat fence, an arbor, a pergola and a bird house—you exclaim: "What a picture."

The wonder of it is that more folks don't have these tasty little garden features. There's nothing cooler and better looking. And the cost! You'll be surprised how reasonable it is.

We'll take just as much interest in supplying you with the lumber for these little improvements as if you were buying materials for a house. We can make some interesting suggestions.

He Went 50-50 With His Wife

Surprised to see how quick the new medicine Dreo, went after their troubles. Indigestion and gas in the stomach relieved, sluggish liver aroused, weak kidneys strengthened.

"I was certainly surprised to see how quick my wife and I were relieved of our troubles, by taking the new medicine Dreo," declares Mr. Harry Dunham of 1521 North 12th Street, Vincennes, Ind.

"Both of us were feeling worn out, tired, no energy and had a poor appetite. My stomach would fill up with gas after each meal making me very uncomfortable, also had gripping pains in my bowels, my liver was lazy which gave me dizzy spells and spots would float before my eyes. I often had pains in my back over my kidneys and had to get up several times during the night.

"My wife was quite nervous and suffered daily from constipation, bilious headaches, and shortness of breath. The muscles in her back were sore and stiff.

"Since we have been taking Dreo both of us are feeling greatly improved, all our troubles are much better and by the time we finished a full treatment I'm sure we will be sound and well. We think Dreo the best medicine ever brought to this city."

All druggists now sell Dreo and it is being especially introduced in Cincinnati by F. B. Johnson & Co.—(Adv.)

WATKINS LEARNS THE GOOD NEWS

Prohibitionists Gather in Germantown Today and Tell Him He Is Their Candidate

IS THIRD ONE FOR OHIO

"Dry" Leaders From Near and Far Take Part in Day's Celebration in The Small Town

(By United Press.)

Germantown, Ohio, Aug. 11.—This enterprising village today was to stick another feather in Ohio's cap as the mother of presidents and would-be presidents.

And in the matter of notification ceremonies the town was not satisfied to equal the record of Dayton and Marion by notifying one man that he had been chosen as his party's nominee. Germantown will stage a twin celebration: both Aaron S. Watkins, who lives here, and D. Leigh Colvin of New York were to be told at the same time they are the candidates of the Prohibition party for president and vice-president, respectively.

The streets of the village were decorated to receive hundreds of "dry" leaders and advocates from far and near to take part in the notification festivities. A parade was to be held in the afternoon, followed by the notification speeches and the speeches of acceptance in the early evening. After that there will be a fireworks display.

H. P. Paris of Clinton, Mo., will make the speech notifying Dr. Watkins, while Francis E. Beauchamp will tell the news to Colvin. Dr. Watkins, who is a professor of literature in a military academy here, was nominated for president by the prohibitionists at the Lincoln Neb. convention July 21, after William Jennings Bryan refused the honor. Watkins was born on a farm near Rushsylvania, Ohio, in 1867. He was a Methodist Episcopal preacher for seventeen years before he began teaching. In 1905 and 1908 he was the prohibitionists' nominee for governor of Ohio. In 1908 and 1912 he was the party's candidate for vice-president of the United States.

What's done as much as anything else to fill up the movie houses

LOOK at the crowds that step out of their cars in front of the movies every summer evening.

The movie managers would be renting half of their theatres for store space, if it weren't for the automobile.

It is typical of Americans that they took to the automobile as a matter of course—just as they have to the movies and to every other great invention of the last half century.

And the same thing has happened everytime. Taking things as they come is a fine way to foster waste and extravagance.

As regards tires, the comeback is about due. People are pretty near through pay-

ing for something that isn't there when they look for it.

III

What a man pays for in a tire is *quality*—not a limited number of miles or the privilege of getting a rebate in case the miles don't come up to the limit.

U. S. Tires are guaranteed as to quality—with *no limitation of mileage*.

And that holds just as good for the *small car tire* as for the biggest U. S. Tire we've got. There's *only one* standard of quality with U. S.—and the size of the car has *nothing whatever to do with it*.

IV

We represent U. S. Tires in this town. You'll find it worth while to talk to us before you buy any more tires.

NORTHERN INDIANA FARMERS IN SESSION

Winona Assembly Greet Rural People With Motive of Creating Closer Relationships

CONTESTS ARE ARRANGED.

Winona Lake, Ind., Aug. 11.—Farmers from every part of Northern Indiana began arriving here today to attend the annual meeting of the Farmers' Association of Northern Indiana.

One of the purposes of the meeting is to create a closer relationship between the farmers and the city folk in the northern part of the state.

Committees of the Kosciusko county delegation have been soliciting funds from business men and attractive prizes will be given the largest delegation.

It was expected many farmers would remain here until Sunday when "Billy" Sunday will dedicate the Winona Lake Auditorium.

OPERATION PERFORMED

Mrs. E. B. George who underwent an operation at the Memorial hospital in Connorsville yesterday afternoon, is getting along as well as could be expected, it was announced today.
